1. ACMA unveils state-of-the-art mechatronics, design labs

(Auto Tech Review - 1st November 2019)

ACMA unveils two state-of-the-art Mechatronics and Design Labs at its Centre of Excellence (CoE) in Saksham, located in the IIT-Delhi campus in Sonipat. These labs that are now open for use by ACMA members have been developed for imparting knowledge and training on an efficient industrial production system as well as creating intellectual property

2. ACMA opens two labs at CoE Saksham in Sonipat

(Autoguide – 1st November 2019)

ACMA opened two state-of-the-art labs, a mechatronics lab and another design lab, at its Centre of Excellence (ACoE) - Saksham, located in the IIT-Delhi campus at Sonipat. The mechatronics lab is focused on imparting skills in the domain of automation and Modular Production Systems (MPS) while the design lab aims to enable auto component MSMEs for designing and developing new products

3. NuGen Mobility Summit

(Motorindia – 1st November 2019)

In order to highlight the technical advantages of hybrid electric vehicles as compared to conventional fuel vehicles, ICAT will host the 'NuGen Mobility Summit' from November 27-29 at ICAT Centre-II, IMT Manesar, Haryana. The summit is being organised in association with SAENIS, SAE INDIA, SAE International, NATRiP, DIMTS, Department of Heavy Industry, Ministry of Road Transport and Highways, SIAM and ACMA

4. How RCEP 'deal' tomorrow can hit India, or be a hit

(The Sunday Tribune – 3rd November 2019)

The article discusses how the Regional Comprehensive Economic Partnership agreement, if it were to materialize, presents India an opportunity to seek integration into the global supply chains, but has generated fears across the industrial and agricultural spectrums. The story has a brief mention of ACM under auto component industry header which highlights the slowdown in the auto sector and explains how RCEP agreement will lead to job losses

<https://myimpact.in/index.php?page=cliph&id=895d876813b09dd6536f7a3aed180186&id2=5971e6f0f1b6b9897880bb603575f3a2>

5. Focus on Ensuring Ecosystem Viability

(The Economic Times – 12th November 2019)

Vehicle makers alone have put off a cumulative \$1-1.5 billion of investments. A similar quantum of deferrals is expected by the vendors. Auto makers are concentrating on producing cleaner BS-VI vehicles that have to be rolled out from April 1. These vehicles are expensive compared with BS-IV automobiles, and this fact could further impact demand. The article quotes PB Balaji, CFO , Tata Motors and Gopal Mahadevan, Director, Ashok Leyland on ecosystem viability. The story has a brief mention of Vinnie Mehta, director general of the Automotive Component Manufacturers Association of India (ACMA), confirming that vendors have realigned capex plans in view of the industry-wide slump

<https://myimpact.in/index.php?page=cliph&id=54663bb58e4c4651f2bc6bee767a281e&id2=5971e6f0f1b6b9897880bb603575f3a2&pgno=3>

6. The SIAM route to clean mobility

(The Asian Age – 13th November 2019)

The Society of Indian Automobile Manufacturers (SIAM), organised a national conference on a Cleaner Mobility, Beyond 2020: Automotive Sector as an Agent of Positive Change. The aim of the conference was to showcase commitment and contribution of the auto industry towards bettering the air quality and promoting sustainable mobility through an integrated approach. Mr Deepak Jain, President, ACMA and Chairman and Managing Director, Lumax Industries said, “The auto industry is perceived to be the major contributor towards pollution which is not correct. We, as an ecosystem, must jointly put efforts to amend this viewpoint. Additionally, industry is making significant efforts for introduction of BS VI emission norms. At the same time, industry must bring to fore the significant role it plays in the national development and economic growth”

<https://myimpact.in/index.php?page=cliph&id=354434d55926ee5941cbea95915e64d4&id2=5971e6f0f1b6b9897880bb603575f3a2>

7. Venu Srinivasan conferred Deming Award for TQM

(AUTOCAR Professional – 15th November 2019)

Venu Srinivasan is the first industrialist from India to receive the prestigious award for his contribution in the field of TOM. Progress of the CO cluster for TQM promotion inspired the Auto Components Manufacturers Association (ACMA) too. The ACMA Cluster programme was set up to create a community for learning and implementation of TQM to improve customer satisfaction, quality focus. 5S, daily work management and total employee involvement for continuous improvement

9. Exports & aftermarket sales help auto component makers withstand turbulence

(Financial Express – 26th November 2019)

While original equipment manufacturers (OEMs) have been badly hit by the year-long downturn, the automotive component makers have managed to tide over the impact due to exports and aftermarket sales. Deepak Jain, president of auto components industry body ACMA and chairman & managing director of Lumax Industries, said the review was normally an annual exercise for the body which plans to come up with a report in the first week of December. Automotive Component Manufacturers Association of India (ACMA) has around 800 members

<https://myimpact.in/index.php?page=cliph&id=533ca6e303a9d4f106c6dd1d4df1d27c&id2=5971e6f0f1b6b9897880bb603575f3a2>

10. Motown's Slow Ride

(Business Today – 1st December 2019)

Passenger vehicle sales declined on a year-on-year basis every month from July 2018 till September 2019. In October, there was marginal growth. It took only a little longer for the slowdown to show up in other segments. Sales of commercial vehicles, one of the barometers of overall economic growth, started declining in December last year. They have declined in seven of the nine months since then. However, the second-half saw a significant slump in vehicles sales, says Vinnie Mehta, Director General, Automotive Component Manufacturers Association (ACMA). This industry employs about five million people and 70 per cent of them are on contract. That is where retrenchments have begun but it is likely to get worse if the slowdown persists. We are looking at a possible 15-20 per cent reduction in workforce if things do not improve soon.

<https://myimpact.in/index.php?page=cliph&id=efaab0d53ed47afd6f4b945f5dbac74c&id2=5971e6f0f1b6b9897880bb603575f3a2&pgno=3>

11. Auto component sales dip by 10% in H1FY20

(The New Indian Express – 7th December 2019)

Impacted by prolonged slowdown in demand of vehicles across segments, auto component sales in the first half of the ongoing financial year declined by 10 per cent year-on-year (YoY) to 1.79 lakh crore, Automotive Component Manufacturers Association of India (ACMA) said. During the six-month period, overall vehicle sales fell by 17.08 per cent at 11,736,976 units compared to 14,154,463 units in H1FY19

<https://myimpact.in/index.php?page=cliph&id=68392162fa327fd35a01644c0768e25b&id2=5971e6f0f1b6b9897880bb603575f3a2>

12. Auto component sectors turnover dips

(Business Standard – 7th December 2019)

The auto component industry's turnover witnessed its worst ever decline in the first half of the current financial year, leading to a job loss of around 100,000 temporary workers till July this year, industry body ACMA said on Friday. The auto component industry turnover dropped to ₹1.79 trillion in the April-September period, down 10.1 per cent from ₹1.99 trillion in the year-ago period. The industry body said the slowdown has also resulted in an investment loss of up to \$2 billion dollars during the period.

<https://myimpact.in/index.php?page=cliph&id=d5f1e7b7d97732083fc1e9fbb8b66f3b&id2=5971e6f0f1b6b9897880bb603575f3a2&pgno=2>

13. Auto part units shed one lakh casual jobs

(The Hindu – 7th December 2019)

About one lakh temporary workers in the auto components sector lost their jobs between October 2018 and July 2019 due to the slump in the auto industry, the Auto Components Manufacturers Association (ACMA) said. Auto component sales in the first half of the year declined by 10% to ₹1.79 lakh crore, while exports and the aftermarket segment grew, the industry body added

<https://myimpact.in/index.php?page=cliph&id=265fb7863b83cc000a9f064a90a92ec1&id2=5971e6f0f1b6b9897880bb603575f3a2>

14. Auto components sector sees 1 lakh temporary job losses

(The Times of India – 7th December 2019)

The auto component industry's turnover witnessed worst ever decline in the first half of the current fiscal leading to a job loss of around 1 lakh temporary workers till July this year, industry body ACMA said. The turnover of the industry dropped to Rs 1.8 lakh crore in the April-September period, down 10.1% from nearly Rs 2 lakh crore in the year-ago period, Automotive Component Manufacturers Association (ACMA) said. The industry body said the slowdown has also resulted in an investment loss of up to \$2 billion during the period.

<https://myimpact.in/index.php?page=cliph&id=81be637f04e83be0853ff5cabd7dba48&id2=5971e6f0f1b6b9897880bb603575f3a2>

15. Auto slowdown: 1 lakh workers jobless

(Telagana Today – 7th December 2019)

The auto component industry's turnover witnessed worst ever decline in the first half of the current fiscal leading to a job loss of around 1 lakh temporary workers till July this year, industry body ACMA said on Friday. The turnover of the industry dropped to Rs 1.79 lakh crore in the April-September period, down 10.1 per cent from Rs 1.99 lakh crore in the year-ago period, Automotive Component Manufacturers Association (ACMA) said. The industry body said the slowdown has also resulted in an investment loss of up to \$2 billion dollars during the period.

<https://myimpact.in/index.php?page=cliph&id=8a45c7783a35a143a4c2de5d3aa49627&id2=5971e6f0f1b6b9897880bb603575f3a2>

16. 1L lose jobs in auto component industry

(Deccan Herald – 7th December 2019)

The slowdown in the automobile sector has hit the auto component industry severely in the first half of the year, resulting in job losses to around 1 lakh temporary workers, the Automotive Component Manufacturers Association (ACMA) said on Friday. The turnover of the auto component industry dropped to Rs 1.79 lakh crore in April-September period this year, down almost 10.1 % from Rs 1.99 lakh crore in the same period last year, it added.

<https://myimpact.in/index.php?page=cliph&id=98b4f9a0588c81fe83ef835c5bab07ec&id2=5971e6f0f1b6b9897880bb603575f3a2>

17. Auto component industry turnover dips 10% in H1FY20

(Financial Express – 7th December 2019)

Industry body Automotive Component Manufacturers Association (ACMA) claimed nearly 1 lakh temporary workers lost jobs till July this year as production was trimmed and extra workforce was not required. This was, however, in stark contrast to the industry body's prediction in July 2019 that nearly 10 lakh workers are likely to be laid off if the demand for vehicle doesn't improve. As per numbers shared by ACMA, domestic sales of components to manufacturers dipped 15.2 % y-o-y at 1.50 lakh crore in H1FY20, as companies gave lesser orders on account of subdued production.

<https://myimpact.in/index.php?page=cliph&id=eb2ae803705cd2b9ab569805af678c70&id2=5971e6f0f1b6b9897880bb603575f3a2&pgno=2>

18. Auto Components Sales Fall 10% in H1 to INR 1.87 L cr

(The Economic Times – 7th December 2019)

Auto components sales fell 10% to 26.2 billion (Rs. 1.87 lakh crore) in the first 6 months of the ongoing financial year, amid a broader slowdown in consumption in the local market, ACMA said. The sluggish demand environment has resulted in the loss of 10,000 jobs in the sector till July 2019, said the industry body. Mostly temporary workers lost their jobs as companies scaled down production on the back of weak vehicle demand.

<https://myimpact.in/index.php?page=Clipj&id=1e4ac62f19d5a944627d3017f9d52fb6&id2=5971e6f0f1b6b9897880bb603575f3a2&r=2>

19. One lakh temp jobs gone in 10 months till July: ACMA

(The Hindu Business Line – 7th December 2019)

The Automotive Component Manufacturers Association (ACMA) said that around one lakh temporary jobs were nixed between October 2018 and July 2019. The automotive industry is facing a prolonged slowdown, observed ACMA President Deepak Jain. Vehicle sales in all segments have continued to plummet over the past year. Considering that the component industry grows on the back of the vehicle industry, a 15-20 % cut in vehicle production has, inter alia, adversely impacted the components industry's performance and investments.

<https://myimpact.in/index.php?page=cliph&id=13de3e0df5a3ca6d7d48e6e0e0d62182&id2=5971e6f0f1b6b9897880bb603575f3a2>

20. Auto component industry turnover dips 10% in Apr-Sep; 1L temp workers lose jobs

(The Pioneer – 7th December 2019)

The auto component industry's turnover witnessed worst ever decline in the first half of the current fiscal leading to a job loss of around 1 lakh temporary workers till July this year, industry body ACMA said. The turnover of the industry dropped to Rs 1.79 lakh crore in the April-September period, down 10.1 per cent from Rs 1.99 lakh crore in the year-ago period, Automotive Component Manufacturers Association (ACMA) said. The industry body said the slowdown has also resulted in an investment loss of up to USD 2 billion dollars during the period.

<https://myimpact.in/index.php?page=cliph&id=64d307b13a32f347171a8ad2347590e5&id2=5971e6f0f1b6b9897880bb603575f3a2>

21. Auto parts industry turnover falls 10% in Apr-Sept

(The Indian Express – 7th December 2019)

Auto component industry's turnover saw its worst ever decline in the first half of this fiscal leading to a job loss of around 1 lakh temporary workers till July, Automotive Component Manufacturers Association (ACMA) said. Turnover of auto component industry in the April-September period, down 10.1 per cent from Rs 1.99 lakh crore in the year-ago period. Investment loss in industry during period under review on account of slowdown. Impact of cut in vehicle production: As the auto components industry grows on the back of vehicle industry, a current 15-20 per cent cut in vehicle production has adversely impacted the component segment.

<https://myimpact.in/index.php?page=cliph&id=07a9601079a5b9b4aebd0725d4889611&id2=5971e6f0f1b6b9897880bb603575f3a2>

22. Auto parts sector turnover dips 10 %

(Trinity Mirror – 7th December 2019)

The auto component industry's turnover witnessed worst ever decline in the first half of the current fiscal leading to a job loss of around 1 lakh temporary workers till July this year, industry body ACMA said on Friday . The turnover of the industry dropped to Rs 1.79 lakh crore in the April-September period, down 10.1 per cent from Rs 1.99 lakh crore in the year-ago period, Automotive Component Manufacturers Association (ACMA) said. The industry body said the slowdown has also resulted in an investment loss of up to USD 2 billion dollars during the period.

23. Auto component turnover dips 10%; 4 L temp jobs lost

(The Free Press Journal – 7th December 2019)

The auto component industry's turnover witnessed its worst ever decline in the first half of the current fiscal leading to a job loss of around 1 lakh temporary workers till July this year, industry body ACMA said. The auto component industry turnover dropped to 1.79 lakh crore in the April-September period, down 10.1% from Rs 1.99 lakh crore in the year-ago period. The industry body said the slowdown has also resulted in an investment loss of up to USD 2 billion dollars during the period.

<https://myimpact.in/index.php?page=cliph&id=5e85aa9a9a65c2618b258b9df6ac68dc&id2=5971e6f0f1b6b9897880bb603575f3a2>

24. Auto component industry sheds 1 lakh temp jobs

(The Asian Age – 7th December 2019)

The auto component industry's turnover witnessed worst ever decline in the first half of the current fiscal leading to a job loss of around 1 lakh temporary workers till July this year, industry body ACMA said on Friday. The turnover of the industry dropped to Rs 1.79 lakh crore in the April-September period, down 10.1 per cent from Rs 1.99 lakh crore in the year-ago period, the Automotive Component Manufacturers Association said. The industry body said the slowdown has also resulted in an investment loss of up to \$2 billion during the period.

<https://myimpact.in/index.php?page=cliph&id=c9c390b31681d92e866b56973c63af17&id2=5971e6f0f1b6b9897880bb603575f3a2>

25. 1 lakh lose jobs as auto parts sector in turmoil

(The Hans India – 7th December 2019)

The auto component industry's turnover witnessed worst ever decline in the first half of the current fiscal leading to a job loss of around 1 lakh temporary workers till July this year, industry body ACMA said. The turnover of the industry dropped to Rs 1.79 lakh crore in the April-September period, down 10.1 per cent from Rs 1.99 lakh crore in the year-ago period, Automotive Component Manufacturers Association (ACMA) said. The industry body said the slowdown has also resulted in an investment loss of up to \$2 billion dollars during the period. Exports, however, registered a marginal growth of 2.7 per cent to Rs 51,397 crore (\$7.5 billion) during the period, while aftermarket segment grew by 4 per cent to Rs 35,096 crore (\$5.1 billion).

<https://myimpact.in/index.php?page=cliph&id=433bd89a789b68c98628217236ac6661&id2=5971e6f0f1b6b9897880bb603575f3a2>

26. 1 lakh temp workers lose jobs in auto parts sector

(The Statesman – 7th December 2019)

The auto component industry's turnover witnessed worst-ever decline in the first half of the current fiscal leading to a job loss of around 1 lakh temporary workers till July this year, industry body ACMA said. The turnover of the industry dropped to Rs 1.79 lakh crore in the April-September period, down 10.1 per cent from Rs 1.99 lakh crore in the year-ago period, Automotive Component Manufacturers Association (ACMA) said.

<https://myimpact.in/index.php?page=cliph&id=7120130b4ad9ddda4e792a394aeece5b&id2=5971e6f0f1b6b9897880bb603575f3a2>

27. Auto component sales dip by 10% in H1FY20

(The Morning Standard – 7th December 2019)

Impacted by prolonged slowdown in demand of vehicles across segments, auto component sales in the first half of the ongoing financial year declined by 10 per cent year-on-year (YoY) to 1.79 lakh crore, Automotive Component Manufacturers Association of India (ACMA) said. Along with subdued vehicle demand, recent

investments made for transition from BS-IV to BS-VI, liquidity crunch, and lack of clarity on policy for electrification of vehicles have also had an adverse impact on the expansion plans of the component sector.

<https://myimpact.in/index.php?page=cliph&id=8e590143fbf526796b79e49c9512e6ca&id2=5971e6f0f1b6b9897880bb603575f3a2>

28. Auto component turnover dips 10%

(Mumbai Mirror – 7th December 2019)

The auto component industry's turnover witnessed its worst ever decline in the first half of the current fiscal leading to a job loss of around 1 lakh temporary workers till July this year, industry body ACMA said. The turnover of the industry dropped to Rs 1.79 lakh crore in the April-September period, down 10.1 per cent from Rs 1.99 lakh crore in the year-ago period, Automotive Component Manufacturers Association (ACMA) said. The industry body said the slowdown has also resulted in an investment loss of up to USD 2 billion during the period.

31. Auto components in distress

(The Telegraph – 7th December 2019)

The auto component industry's turnover witnessed the worst decline in the first half of the current fiscal, leading to a job loss of around 1 lakh temporary workers till July this year, industry association ACMA said. The turnover of the industry dropped to Rs 1.79 lakh crore in the April-September period, down 10.1 per cent from Rs 1.99 lakh crore in the year-ago period, the Automotive Component Manufacturers Association (ACMA) said. The industry body said the slowdown has also resulted in an investment loss of up to \$2 billion during the period.

<https://myimpact.in/index.php?page=cliph&id=9d69b9cde6c65908c97eb3e497070e43&id2=5971e6f0f1b6b9897880bb603575f3a2&pgno=2>

32. 1 lakh temp workers lose jobs as auto component sector turnover dips 10%

(Millennium Post – 7th December 2019)

The auto component industry's turnover witnessed worst ever decline in the first half of the current fiscal leading to a job loss of around 1 lakh temporary workers till July this year, industry body ACMA said. The turnover of the industry dropped to Rs 1.79 lakh crore in the April-September period, down 10.1 per cent from Rs 1.99 lakh crore in the year-ago period, Automotive Component Manufacturers Association (ACMA) said. The industry body said the slowdown has also resulted in an investment loss of up to \$2 billion dollars during the period.

<https://myimpact.in/index.php?page=cliph&id=015dee98c8dbba3a6a90c4ebeabd2191&id2=5971e6f0f1b6b9897880bb603575f3a2&pgno=2>

33. 'Focus on SME growth to stabilise economy'

(Telangana Today – 7th December 2019)

India's GDP growth numbers are witnessing a constant decline. The country's real GDP growth in 2019-20 fiscal is expected to be below 5 per cent as the impact of stimulus measures of the Central government will take time to benefit the economy. One of the most affected sectors is the automotive sector. A latest report by Automotive Component Manufacturers Association (ACMA) shows that the auto component industry's turnover witnessed worst ever decline resulting in a job loss of around 1 lakh temporary workers till July this year, besides an investment loss of up to \$2 billion.

<https://myimpact.in/index.php?page=cliph&id=d9ef764cefa81c11b905adf08e74edfa&id2=5971e6f0f1b6b9897880bb603575f3a2>

2. ACMA Centre Of Excellence (ACoE) announces Mechatronics & Design Labs

(Chennai Patrika - 1st November 2019)

Automotive Component Manufacturers Association of India (ACMA), the apex body representing the interest of the Indian Auto Component manufacturing industry, today unveiled two state-of-the-art labs, a Mechatronics lab and another Design lab. The two labs were opened for use by ACMA members at its Centre of Excellence (ACoE) – Saksham, located in the IIT-Delhi campus in Sonipat.

<http://news.chennai.patrika.com/post/ACMA-Centre-Of-Excellence-ACoE-announces-Mechatronics-Design-Labs>

3. ACMA inaugurates design lab at its CoE in IIT Delhi

(UCNews - 1st November 2019)

Using the same philosophy, unified body of automotive component manufacturers in India, ACMA, has set up a new design lab at its centre of excellence (CoE) christened 'Saksham', which is under operations at the IIT Delhi's second campus housed in the Rajiv Gandhi Education City, in Sonipat, Haryana. ACMA today inaugurated the new design lab inside the CoE with an aim of imparting hands-on training and experience in component design, simulation and manufacturability analysis to engineers of its member companies, most of which are MSMEs.

<https://www.ucnews.in/news/ACMA-inaugurates-design-lab-at-its-CoE-in-IIT-Delhi/2853083654345179.html>

4. ACMA Unveils State-of-the-art Mechatronics and Design Labs

(Auto Tech Review - 1st November 2019)

The Automotive Component Manufacturers Association of India (ACMA) has unveiled two state-of-the-art Mechatronics Lab and Design Lab. These labs can be used by ACMA members at its Centre of Excellence (ACoE) – Saksham that is located in the IIT-Delhi campus in Sonipat. These facilities have been developed to offer knowledge and training on efficient industrial production system and creating

intellectual property for Tier II and Tier III companies. There is a growing need for Indian auto component manufacturers to make use of advanced systems and technologies. With this theme, ACMA has launched the two new labs at Saksham, set up at a total cost of Rs 4.5 crore.

7. AT CROSSROADS: How crucial sectors fear they would fare if deal is on

(The Tribune – 3rd November 2019)

The story discusses industry fears related to RCEP agreement and has partial mention of ACMA’s viewpoint regarding the same. The Automotive Component Manufacturers Association of India (ACMA) feels the RCEP could allow a “back-door entry route” for China. The sector is already in doldrums because of the slowdown in auto sales. The labor-intensive sector has a significant presence in Punjab, especially Ludhiana and Jalandhar, with majority of the units in the micro and small category.

<https://www.tribuneindia.com/news/sunday-special/perspective/at-crossroads-how-crucial-sectors-fear-they-would-fare-if-deal-is-on/855585.html>

8. India Auto Inc’s new lean mantra

(Autocar Professional – 4th November 2019)

The story talks about OEM’s exploring increased usage of a mixture of advanced, ultra and high strength steels in body shells and features a partial mention of ACMA’s annual conference. Earlier this year in April, apex component industry body ACMA conducted a day-long conference on automotive light weighting, drawing industry leaders and specialists. Among them was ZF which has effected innovation in making 25 percent lighter dampers, 10 percent lighter calipers and a remarkable 23 percent reduction in sheet metal weight for passenger car shock absorbers. According to the company, it is doing all of this by using alternate materials without affecting the structural integrity of the vehicle chassis.

<https://www.autocarpro.in/feature/india-auto-inc's-new-lean-mantra-44539>

9. Reinventing the wheel: The constant transformation of India's auto sector

(ET Auto – 5th November 2019)

The story outlines India's manufacturing GDP and sluggish market environment with partial mention of ACMA's export figures along with a quote by Mr. Vinnie Mehta. Despite a sluggish domestic demand, the segment's exports grew by 17.1% to \$15.16 billion in 2018-19 from \$13.50 billion in 2017-18, registering a CAGR of 11 % over a period of six-year, states ACMA. This healthy performance is certainly a testimony of the sector's growing recognition globally, highlighting that the segment does meet the stringent global norms and standards.

11. 'Not just electric vehicles but a technically agnostic approach is what the Indian Automotive sector needs'

(The Financial Express – 5th November 2019)

The article features an interview with Mr. Deepak Jain on a number of pressing topics including the upcoming BS6 regulations, ongoing industry slowdown among others. Automotive Component Manufacturers Association(ACMA) has recently unveiled two state-of-the-art labs, which include a Design and a Mechatronics lab at its Centre of Excellence, based on the IIT Delhi campus in Sonipat. These two labs are going to train ACMA members in sync with ongoing industry trends and are equipped with the latest technology and equipment.

34. SIAM Highlights Contributions of Auto Industry in Promoting Cleaner Mobility Solutions

(Ten News – 12th November 2019)

The article provides highlights from the SIAM national conference on ‘Cleaner Mobility, Beyond 2020: Automotive Sector as an Agent of Positive Change’ and quotes Mr. Deepak Jain on the polluted ecosystem on India. Mr Deepak Jain, President, ACMA and Chairman & Managing Director, Lumax Industries said, “The auto industry is perceived to be the major contributor towards pollution which is not correct. We, as an ecosystem, must jointly put efforts to amend this viewpoint. Additionally, industry is making significant efforts for introduction of BS VI emission norms. At the same time, industry must bring to fore the significant role it plays in the national development and economic growth.”

41. Motown's Slow Ride

(Business Today – 14th November 2019)

The story talks about the numerous reasons for the auto slowdown and quotes Mr. Vinnie Mehta on slump in vehicle sales. "The first half of 2018/19 witnessed robust double-digit growth. However, the second half saw a significant slump in vehicles sales," says Vinnie Mehta, Director General, Automotive Component Manufacturers Association (ACMA). "This industry employs about five million people and 70 per cent of them are on contract. That is where retrenchments have begun but it is likely to get worse if the slowdown persists. We are looking at a possible 15-20 per cent reduction in workforce if things do not improve soon."

44. The crash of 2019 – Cover Story News

(CommentWise – 18th November 2019)

The story dwells in the various reasons behind the automobile slowdown and quotes Mr. Ram Vekantaramani on job losses as a consequence of the same. The entire auto motive ecosystem from original equipment manufacturers (OEMs, industry parlance for car manufacturers) to component suppliers to dealerships and aftermarket service providers is saddled with idle production capacity and unsold inventories. Ram Venkataramani, president of the Automotive Component Manufacturers Association (ACMA), said that if improvements do not materialize, around 1 million jobs could be lost 20 per cent of the total employment in that sector.

<https://commentwise.com/2019/11/18/the-crash-of-2019-cover-story-news/>

45. Anand Group scouts for acquisitions amidst slowdown

(Autocar Professional – 19th November 2019)

56. Cuts haunt auto component sector

(The Times of India – 24th November 2019)

The story talks about job losses due to slow automobile sales and quotes Mr. Vinnie Mehta to further explain the scenario. Mr. Vinnie Mehta said : “Manufacturers making components for OEM’s – both for commercial as well as passenger vehicles – have been adversely hit. This is clearly because of dwindling demand. As a result, many are operating at 50% of the installed capacity or even lesser.”

75. Cuts haunt auto component sector

(ET Auto – 24th November 2019)

The story talks about job losses due to slow automobile sales and quotes Mr. Vinnie Mehta to further explain the scenario. Mr. Vinnie Mehta said : “Manufacturers making components for OEM’s – both for commercial as well as passenger vehicles – have been adversely hit. This is clearly because of dwindling demand. As a result, many are operating at 50% of the installed capacity or even lesser.”

102. Economic slowdown: Auto ancillary industry in free fall, pleads for govt help

(The Week – 6th December 2019)

According to figures released by the Association of Component Manufacturers Association (ACMA), India's industry body for auto ancillary makers, the revenue stood at Rs 1.79 lakh crore—way less than the almost Rs 2 lakh crore revenue it made in the corresponding period last year. The auto ancillaries performance is obviously closely proportional to the fortunes of the car and bike makers they make parts for, but the negative efforts could be much deeply felt—ACMA officials say about one lakh jobs were lost in their sector alone up to August—though the hit is worse for dealers at the front end.

107. Auto component industry turnover dips 10 pc in Apr-Sep; 1 lakh temp workers lose jobs

(The Economic Times – 6th December 2019)

Auto component sales in India fell 10% to \$26.2 billion (Rs 1.87 lakh crore) in the first six months of the ongoing financial year, amid a broader slowdown in consumption in the local market, the Automotive Component Manufacturers' Association (ACMA) said. The sluggish demand environment has resulted in

the loss of about 1,00,000 jobs in the sector till July 2019, said the industry body. Mostly temporary workers lost jobs as companies scaled down production on the back of weak vehicle demand.

<https://economictimes.indiatimes.com/auto-components/sluggish-demand-in-h1-auto-components-sales-fall-record-10-to-rs-1-87-lakh-crore/articleshow/72399484.cms>

152. Auto component industry's turnover falls over 10% in H1

(Daijiworld – 7th December 2019)

The slump in vehicle sales adversely impacted the financial performance of India's auto component manufacturing industry during the period between April and September 2019, industry data showed. According to data furnished by the Automotive Component Manufacturers Association of India, the industry turnover during the period under review declined by 10.1 per cent to Rs 1.79 lakh crore (\$26.2 billion) over the first half of the previous year

<http://www.daijiworld.com/news/newsDisplay.aspx?newsID=650977>

153. Sluggish demand in H1: Auto components sales fall record 10% to Rs 1.87 lakh crore

(The Economic Times – 7th December 2019)

Auto component sales in India fell 10% to \$26.2 billion (Rs 1.87 lakh crore) in the first six months of the ongoing financial year, amid a broader slowdown in consumption in the local market, the Automotive Component Manufacturers' Association (ACMA). The sluggish demand environment has resulted in the loss of about 1,00,000 jobs in the sector till July 2019, said the industry body. Mostly temporary workers lost jobs as companies scaled down production on the back of weak vehicle demand.

<https://economictimes.indiatimes.com/markets/stocks/news/sluggish-demand-in-h1-auto-components-sales-fall-record-10-to-rs-1-87-lakh-crore/articleshow/72410896.cms>
