

**RENAULT NISSAN  
AUTOMOTIVE INDIA PRIVATE LIMITED**

March 23, 2020

Dear Supplier partner,

Renault Nissan Automotive India Private Limited is a liable and most trusted brand globally. The safety, wellbeing & hygiene of its employees, customers, business partners, and the communities are of topmost priority in each condition.

In view of the current circumstances surrounding COVID-19 and several government advisories, **RNAIPL will be halting plant operations from 6:00 pm on 23<sup>rd</sup> March 2020 onwards, and until further notice** to stop the spread of coronavirus (COVID-19) – a global contagion.

The essential and support services of the plant such as the casting furnace, paint shop, EHV substation, security, and transport will continue its operations.

Our topmost priority is your health and safety and advise you to carry out preventive measures at home as well. We have a vital role to play in preventing the virus from spreading on an individual level and will appreciate your support for the same.

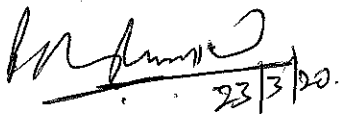

RNAIPL management shall endure to screen the condition cautiously and communicate about the resumption of work.

Request you to please have enough FG stock at your end as per RNAIPL inventory norms in order to feed our lines when we restart our operations. Our Parts Control Team will be in close coordination with you.

**Next level contacts:**

Mr. Sudhakar Selvaraj – Manager Local Parts Control (Vehicle) – 89397 11122

Mr. Sagar Venkata – Sr. Manager Local Parts Control (Powertrain) – 91766 48316

23/3/20.

Yours Sincerely

 P. Radhakrishnan – GM (Production Control)
