# India: Automotive deals Q3 FY19 Prepared for ACMA

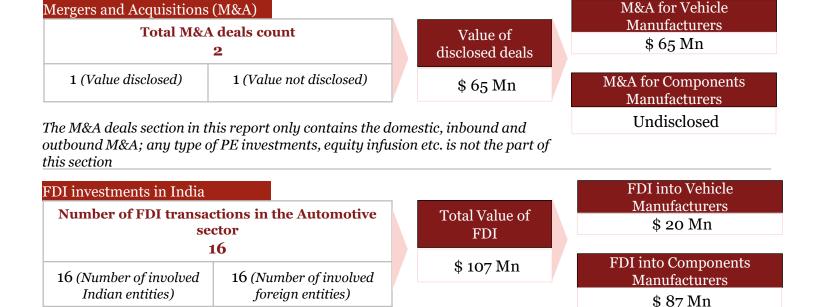

Strictly private and confidential

June 2019

# **Executive Summary of Automotive deals and FDI in India** Snapshot

The total number of transactions covered in this report contains FDI investments in the vehicle manufacturing as well as automotive component manufacturing sector in India.

The FDI investments are tracked from the DIPP listings. Although, most of the major transactions have been covered, the list under consideration cannot be claimed as exhaustive.

PE Deals constitute private equity, angel/seed and other individual/group investments
PIPE (Private investments in Public Equity) deals and other large open market events (like QIBs – Qualified
Institutional Buyers, IPOs etc.) – irrespective of size of stake sale/purchase - have not been included in this
publication. Although, most of the major transactions have been covered, the list under consideration cannot be
claimed as exhaustive.

Scope of this report - Oct-18 to Dec-18

# **Technology Transfers/ Strategic Collaborations**

### Technology Transfers/ Collaborations in India

All technology transfers, collaborations, etc. have been bucketed into five main component areas – Engine, Suspension, Transmission, Interiors, Body & Chassis and Electrical & Electronics as per the technology flow to take place in each automotive deal.

Similarly, all technology transfers, collaborations, etc. between or led by vehicle manufacturers have been bucketed into five main vehicle segments – Passenger Vehicles, Commercial Vehicles, Two-Wheelers, Three-Wheelers and Tractors. In addition, electric mobility as a category encompasses all deals in the EV space.

	Vehicle Manufacturers
