# REVERSE BUYERS-SELLERS MEET

7-8 FEBRUARY 2022  
INTERNATIONAL TRADE EXPO CENTRE LIMITED  
SECTOR- 62, NOIDA, INDIA

Indian Vaccination drive reached

**1.4 Billion**  
Secure & Safe India

An Opportunity to meet Quality Indian  
AutoComponent Manufacturers.

We are pleased to inform you, that in context to the emergent market opportunities in OEMS/Aftermarket, ACMA is organising the 5th edition of iAutoConnect 2022 in physical mode (Reverse Buyer Seller Meet), a one of its kind event, from 7-8 February 2022 in Noida. The objective of iAutoConnect 2022 is to provide ACMA member companies a platform to showcase their product offerings and manufacturing excellence to further enhance component exports globally. The event is expected to pitch over 200 Indian Auto-component Suppliers and over 150 International Buyers, and there would be B2B Meetings. As India is gradually recovering from the COVID-19 crises and more than 70% of the population is vaccinated, ACMA has started getting into Physical engagements gradually. We also assure that the engagements at the venue and other procedures will be aligned to COVID-19 Safety protocols.

#### HOSTING OF INTERNATIONAL BUYERS

- ▲ International Buyers would be hosted (both sides Travel) and Stay at the Hotel for 2 nights
- ▲ Buyers should have completed their vaccination course to confirm eligibility to travel.

Automotive Component Manufacturers Association of India

*Automotive Component Manufacturers Association of India*

The Automotive Component Manufacturers Association of India (ACMA) is the apex body representing the interest of the Indian Auto Component Industry. Its membership of over 800 manufacturers contributes more than eighty five per cent of the auto component industry's turnover in the organised sector. ACMA is an ISO 9001:2015 Certified Association.

ACMA's charter is to develop a globally competitive Indian Auto Component Industry and strengthen its role in national economic development as also promote business through international alliances.

The Auto Component industry in India, with a strong positive multiplier effect, is one of key drivers of India's economic growth. The well-developed Indian auto component industry manufactures a wide variety of products including engine parts, drive transmission and steering parts, body and chassis, suspension and braking parts, equipment and electrical parts, besides others.

In FY 2018-19, the Indian auto-component industry registered a turnover of Rs. 3,95,902 crore (USD 57 billion) growing by 14.5 per cent compared to Rs. 3,45,635 crore (USD 51.2 billion) in FY 2017-18. The CAGR of the industry stood at 13 per cent over a period of six years.

The Indian auto component industry exports grew by 17.1 per cent to Rs. 1,06,048 crore (USD 15.16 billion) in 2018-19 from Rs 90,571 crore (USD 13.50 billion) in 2017-18, registering a CAGR of 11 percent over a period of six year. ACMA has played a pivotal role in supporting its members in export development and in discovering new market opportunities, currently the industry exports to more than 160 countries. With increasing vehicle parc in the country, the aftermarket in 2018-19 grew by 9.6 per cent to Rs 67,491 crore (USD 10.1 billion) from Rs. 61,601 crore (USD 9.2 billion) in the previous fiscal.

ACMA's active involvement in trade promotion, technology up-gradation, quality enhancement and collection and dissemination of information has made it a vital catalyst for the component industry's development in India. Its other activities include participation in international trade fairs, sending trade delegations overseas and bringing out publications on various subjects related to the automotive industry.

ACMA is represented on a number of panels, committees and councils of the Government of India through which it helps in the formulation of policies pertaining to the Indian automotive industry.

For exchange of information and especially for co-operation in trade matters, ACMA has signed Memorandum of Understanding with its counterparts in Argentina, Australia, Brazil, Canada, Egypt, France, Germany, Hungary, Iran, Italy, Japan, Kazakhstan, Malaysia, Mexico, Nigeria, Pakistan, Poland, Russia, South Africa, South Korea, Spain, Sri Lanka, Sweden, Taiwan, Thailand, Tunisia, Turkey, UK, USA and Uzbekistan.

Further information and data on the Indian automotive industry is available on the ACMA Website: [www.acma.in](http://www.acma.in)

# EVs: TRANSFORMING MOBILITY

Opportunity for EV Component Localisation, Manufacturing and Technology

India has the vision & capability to be in the forefront in the global EV revolution. With Indian government's renewed thrust on electric mobility like E-Amrit (Government Portal) announcement of Auto PLI, PLI for ACG Battery manufacturing and the modifications to the FAME – II scheme, opportunities in e-mobility in India are likely to be irresistible. In this regard, **ACMA with the support of SIAM** is organizing a Global Summit & Exhibition on **EVs - Transforming Mobility** on **February 10<sup>th</sup> and 11<sup>th</sup> 2022**, (Physical Show). The event will not only witness industry leaders discuss the roadmap of electric mobility in India, but will also showcase the capabilities and products manufactured by the domestic component industry for Electric Vehicles. **Global e-mobility players** from Germany, Korea, Taiwan, UK among others have also been invited to Join the conference and visit the Expo.

Indian auto component Industry derives 29% of its revenue from the global market with Europe and North America accounting for 62% of exports from India. These markets would undergo significant development/ modifications with electrification, hence it is imperative for the industry to be future ready; take a closer look at the opportunities presented by electrification; and showcase their capabilities to the world.
